Company Profile

Digital and Cloud Solutions plus web services

Accelerate Your Digital Transformation

ABOUT US

Kysora Solutions (Pty) Ltd, is a Level 1 BBEE company based out of Johannesburg, South Africa.

Our primary aim is to help businesses remain relevant and grow in a digitally disrupted world.

It's founder has over 20 years experience across industries and functions and brings this collective knowledge to work collaboratively with organisations through discovery and co-creation.

Kysora Solutions further leverages its strategic partnerships to bring leading practices, models and methodologies to its offerings.

We are a Microsoft Partner and a Cloud Solution Provider (CSP) and Microsoft license reseller, working with you to achieve the best cloud strategy and technological and infrastructural landscape and help you successfully achieve it.
